

Construction Notice

We wanted to give residents notification of upcoming construction activity at the Villages of Prairie Center. Starting at end of May you will notice grading and utility construction activity in the area west of Peregrine, south of Kestrel, east of 27th and north of Eagle. This will be followed by paving and landscape installation in the same area.

This construction will extend Merlin Drive and connect Osprey Drive from Peregrine to Kestrel. Additional perimeter community landscaping will be installed along 27th and Eagle Blvd. The construction is planned to last for approximately 7 months. We appreciate your patience understanding as the Villages at Prairie Center community grows. The construction crews have been instructed to follow the City of Brighton noise ordinances, which specify that construction cannot start earlier than 6am and must cease by 9pm. We know this is early for some; we appreciate your patience during this time. Please let me know if you have questions or concerns regarding this.
